Subject: Follow-Up Testing Completed – Conforming Results  
Sample Tag: F222156028  
Model: Super Therm Acrylic Roof Coating  
File: R21664, Vol. 1

Dear Sir/Madam:

Any information and documentation involving UL Mark services are provided on behalf of UL LLC (UL) or any authorized licensee of UL.

The Follow-Up Services Testing has been completed on the Roofing systems, Super Therm Acrylic Roof Coating selected by our Field Engineer at your SUPERIOR PRODUCTS INTERNATIONAL II INC, SHAWNEE KS, 66214-1265, US factory on August 03, 2022.

The following tests were conducted with conforming results:

INFRARED ANALYSIS; QUALITATIVE (IR)

Your continued cooperation in maintaining conformance with the applicable test requirements is appreciated.

All the samples will be discarded after 2 days unless they are requested to be returned or pick up. If you would like to have the sample returned, please provide us with the shipping account information for the shipping charges or notify us if you want to pick up the samples. Note: For samples containing Batteries, due to instability of tested samples, UL will not ship any battery samples back. If you would like to have the samples back, you must inform us to make special arrangements to pick up tested battery samples.

If we can be of any further assistance, please do not hesitate to contact SALLY JO CRANDALL at +1 847 664 1412 or via email at FUSAdmin.FPD@ul.com.

=====

NOTE: Should any of your FUS Sample Testing contact information change, please let us know so our records can be updated.
